

Township of East Zorra-Tavistock

Municipal Office Space Requirements Public Consultation Meetings

Council is looking for your input on what to do about Municipal Office Space Requirements. Council has reviewed the survey information and is currently focussing on options for leasing space and building a new facility, possibly at 89 Loveys Street Hickson which is Township owned land across the road from the current office. Council wants to ensure this process is open, transparent and inclusive, so additional Public Consultation is being undertaken.

All information and background material is available at:

<http://ezt.ca/Township-Office/Facility-Review>

Two meeting formats are being offered. The Public Meetings will have a presentation followed by a Question & Answer session and opportunity for Public Input and Comments. The Drop-In/Open House will not have a presentation. You can drop-in at any time between 4 – 6 p.m. and speak with Council and staff. You can also view the existing office and see first-hand some of the challenges.
