

Municipal Accessibility Plan

The Corporation of the Township of East Zorra-Tavistock

Municipality

The jurisdiction of the municipality taking part in the Accessibility Planning is the lands of the Corporation of the Township of East Zorra-Tavistock.

Address

Township of East Zorra-Tavistock
Box 100, 90 Loveys Street
Hickson, ON N0J 1L0

Key Contact

Jeff Carswell, Chief Administrative Officer jcarswell@twp.ezt.on.ca

Population

The population of the Township is approximately 7,000.

Municipal Highlights

The Township of East Zorra-Tavistock is primarily an agricultural township in Southwestern Ontario. The Township has three villages and several settlement areas. The Township is a lower-tier municipality in the County of Oxford.

Services to residents are delivered from several facilities, including the Hickson Municipal Office, Hickson Road Shop, Hickson Park, Hickson Firehall, Innerkip Community Centre, Innerkip Firehall, Innerkip Park, Tavistock Memorial Hall, Tavistock & District Recreation Centre, Tavistock Queen's Park and Tavistock Public Works Shed. In addition to services provided at these physical locations, the Township offers many services and information by

many other means such as phone, internet, advertising, mail, etc. Services provided can be summarized as follows:

- Council / Representation for Residents
- Property Tax Collection
- Community Information Provision
- Fire and Protective Services
- Police Services through the Oxford Community Police Service
- Building Permits and Inspections
- By-law Enforcement Services
- Parks and Recreation Services
- Community Halls, Arena
- Township Road Maintenance and construction
- Public Works
- Drainage – Municipal and Tile Drainage
- Cemetery Maintenance for abandoned cemeteries

Target Group

The target groups in this Municipal Accessibility Plan are the concerned general public, persons with mobility impairment, seniors, persons with physical disabilities, persons who are deaf and blind and supportive stakeholders. The Township will conduct visual inspections and gather information on barriers that would affect every day activities for those individuals that have disabilities. The Township shall work towards eliminating those barriers over time.

The Township shall have high regard to barriers when constructing new facilities and making renovations to existing facilities. In addition to physical modifications, regard must be had to programs, processes and policies that are reviewed and/or created. All new programs and services offered shall be reviewed with consideration given to accessibility and attempt to ensure that the programs are as inclusive as possible.

Operational Review

Planned reviews will be set for every twelve months. Rationales for the planned timed reviews are scope of activity to further investigate possible barriers and to overcome the barriers, resources that are

needed to cover the cost to overcome the barrier, and the design of the building. Some buildings have architectural design barriers.

Methodologies that will be used to conduct reviews of barriers are to seek public input, construction process/policies, renovation process, and building accessibility. Public input will be mainly sought through the publication of the Accessibility Plan and gathering of comments and suggestions from residents. The Accessibility Plan will be available on the Township's Website along with a request for comments/suggestions page.

Issues and Actions

See Appendix "A"

Last Update

October 2008

Status	Issue	Type	Department	Solution/Options	Resources	Action(s) Taken	Date Added	Date Completed
